# Important

- All two/ three year courses
- All GCSE courses are linear – exams at the end of the course
- BTECs and other non-GCSE courses now have an element of examination
- English Baccalaureate is the government's preferred pathway and could become much more important as a set of qualifications for higher education
- Students have a 4<sup>th</sup> option to increase the element of choice

# Tips...

- Student choice and parental/carer/teacher guidance
- Don't choose a course because a friend is doing it
- Don't choose a course because you want a particular teacher
- Consider what you enjoy and think you can do well
- Think about what you would like to study in the future
- Think about future careers

# Will all courses run?

- We make our option blocks after students have made their choices
- Some subjects may not have enough students to allow them to run
- If we cannot offer your preferred choices we will use your reserves and let you know

# Next Steps

- Communicate with your teachers – what subjects will you enjoy and achieve in?
- Make sure you are working at full capacity in all your subjects
- Develop the good independent study skills that are so important to your future success from now
- Be decisive – changing later on is very damaging
- Get excited and be ambitious – this is when you put yourself at the centre of your education
- Think about your career plans – seek advice
- **Meet the deadline** – Microsoft form emailed to parents/carers on Tuesday 6<sup>th</sup> February at the same time. The deadline day is Friday 9<sup>th</sup> February at 3pm.

# Your Future

“Though no one can go back and make a brand new start, anyone can start from now and make a brand new ending”

“A journey of 1000 miles starts with a single step”
