

May 2024

Dear Parents/Carers

University of Sussex Chemistry Experience Day

We have been able to obtain a limited number of places at the University of Sussex for a Chemistry Experience Day on Wednesday 19 June. This links to the OCR Chemistry A-Level modules which cover chemical synthesis and analysis.

As well as being able to experience working in a university lab, students will be able to use their analytical tools such as Infra-Red Spectroscopy, Mass Spectrometry and have a look round their NMR facility.

Students should make their own way to Seaford Station to catch the 9:24am train to Falmer Station where they will be met by Mr Higgins at 9:49am. They will return to Seaford on the 3:46pm train which gets in to Seaford at 4:20pm. The cost of a return ticket is £4.60, please can students purchase their own train tickets prior to this trip.

Please provide consent via ParentPay no later than Monday 3 June. If you need an activation code or have any enquiries related to ParentPay, please email parentpay@seafordhead.org, providing your child's name and tutor group.

Yours sincerely,

M Higgins

Mr M Higgins
A-Level Chemistry Teacher
